

SHIRAZ BUKSH

FULL-STACK DEVELOPER (JUNIOR)

Auckland, New Zealand | shiraz19@live.com

PROFILE

Full-stack developer with hands-on experience building modern web applications and SaaS products using React, Next.js, Node.js, and TypeScript. Experienced in designing REST APIs, implementing background automation, and working with relational databases. Comfortable working across the stack to deliver scalable, user-focused solutions in collaborative, agile environments.

PROJECTS

Revo | E-commerce Ticket SaaS @ [therevoapp.com](#)

Next.js, TypeScript, Prisma

- Built a full-stack SaaS app that automates order status updates, refunds, address changes, and cancellations for e-commerce stores.
- Developed secure server-side API routes using Next.js and TypeScript.
- Integrated third-party APIs and webhooks to process order events and state changes.
- Implemented background jobs and event-driven automation for async workflows.
- Designed scalable relational data models using Prisma ORM and SQL.
- Built responsive admin interfaces with React and Tailwind CSS.

Portfolio Website @ [shirazbuksh.github.io/portfolio](#)

React.js, Vite, Tailwind, Three.js, React Three Fiber, Framer Motion

- Smooth animations and 3D elements using Framer Motion and React Three Fiber.
- Responsive design styled using Tailwind CSS & Tailwind Merge.
- Optimised 3D assets with Three.js and reusable React components.

SKILLS

Languages: JavaScript, TypeScript, SQL, HTML5, CSS3

Front-End: React.js, Redux, Tailwind, Next.js, Framer Motion, React Three Fiber, Three.js, Vite

Back-End: Node.js, Express, REST APIs

Databases: PostgreSQL, SQLite, Prisma

Testing: Jest, Unit & Integration Testing

Other: GitHub, Agile, Scrum, Problem-Solving, Background Jobs, Event-Driven Workflows

EXPERIENCE

Shopify Store Developer | Freelance

2024–Present

- Designed and developed custom e-commerce stores for clients.
- Delivered scalable, user-focused features and integrations.
- Translated business requirements into functional web applications.

Full-Stack Developer | Trainee

Jan 2023 – May 2023

Dev Academy Aotearoa

- Completed an intensive full-stack development program covering React, Node.js, JavaScript, REST APIs, and SQL databases.
- Built multiple end-to-end projects using modern web development practices.
- Collaborated using agile workflows, version control, and code reviews.

EDUCATION

Certificate in Applied Software Development | Dev Academy Aotearoa (2023)
